BENTON.

There is probably no other town in the state of the size of Benton that shows so much enterprise. The planing mill of Wesley & Smith is kept busy finishing lumber for the erection of buildings, and new buildings are being built in all parts of the town.

C. B. & G. L. McHenry, and Chas. Wesley are putting up a large flouring mill with the new roller process. The main building will be 40 feet wide and 50 feet long, exclusive of boiler and engine house.

The corner residence of Rohr McHenry and an old landmark is being repaired. The ground is being graded about the place, a new porch erected, while the house will be brightened with the painter's brush. J. G. McHenry is superintending the work. Rumor has it that he is particularly interested in the repairs, and many smiles are exchanged as the passers-by greet him. It may be early, but we extend our congratulations.

Benton would like to be represented at the County seat, and they present the name of Charles Gibbons as candidate for County Commissioner. It has been many years since they have had a representative at the County seat, and Mr. Gibbons will do some hustling to get the place.

Alfred McHenry is busy unpacking his stock of new goods. He has just added to his force of clerk hire that of A. L. Stiles, who is a very accommodating gentleman. Mr. McHenry handles from a half to a ton of butter per week.

R. McHenry & Son have received a car load of western hogs. They have received orders for the delivering of the part of them, and no doubt the balance will soon be sold. An excellent opportunity is offered now to purchase.

H. O. McHenry gives close attention to the mercantile business in connection with his father J. J. McHenry. They have an immense stock of all kinds of general merchandise.

The Benton trout fishermen started out on Monday for the speckled beauties. The first to return was Glen Tubbs the barber, who was only absent a short time, until he caught two about 10 inches long. A little son of J. B. McHenry caught a fine one about a foot long; after it had been upon the ground for some time, and considerably smeared with dirt, the boy thinking it dead went to wash it; immediately upon coming in contact with the water, life returned, a sudden jump given, and the boy's prize gone—the tears came in his eyes, but the fish was out of reach. Clark Dildine was fortunate enough to return in the evening with eight, all over 6 inches long. The best fish story is told of a German, at the Southeast mills, who has only been in this country about two weeks. A large one took his hook, and in his haste he landed it in the top of a tree with part of the line. H. A. Kemp the photographer at Benton, chanced along, and helped the German to climb the tree after his fish. It measured 14½ inches. J.J. & J.B. McHenry went out in the afternoon (Monday) but did not return early enough for us to chronicle their catches. They always return with something.

W. H. Smith, editor and proprietor of the Benton *Argus*, is as happy as any of his prosperous neighbors. He has a large Cottrell cylinder press–one of the finest in this section, a good Gordon jobber and ample steam power. His selection of type is excellent, and being all new he turns out good work. Editor Smith is a "hustler," and don't allow any moss to grow about him.

The contest for post master is in fever heat. The lines are drawn very closely between G. W. Hirleman, Esq., and the youngest son of Rohr McHenry. On Monday John Heacock, the present incumbent attempted to further complicate the contest by appearing with a petition; his efforts will be futile, as this is a democratic administration and republicans are not in it, Mr. Heacock is only wasting his time in the effort.

Rohr McHenry has repaired his distillery and resumed operations yesterday (Thursday.)

Bloomsburg Conclave of Heptasophs was organized on Tuesday evening. The Danville Conclave came up with a band and were present at the meeting in G. A. R. Hall. Refreshments were served, and a pleasant evening was spent by all present. The Order of Heptasophs is a beneficial order, something like the Royal Arcanum. L. S. Wintersteen Esq., is at the head of the Bloomsburg Conclave.

W. J. Beidleman has been elected a delegate to the Susquehanna Synod of the Lutheran church, which convenes at Montgomery the latter part of May.

A SUDDEN DEATH.

The community was shocked on Tuesday morning when it became known that Mrs. P. S. Moyer had died suddenly on Monday night. The particulars of the sad event are as follows: At about half past eight o'clock Monday evening Mr. John Wolf went down Iron street on his way home, and as he was going out Fourth, he heard some one groaning, and saw a woman leaning against the fence near the alley between Iron and Centre streets. He asked her what was the matter, and she replied, "Oh, Mr. Wolf, I am very sick." He at once recognized her as Mrs. Moyer, and said he would assist her to Mrs. Jane McBride's, on Third street, who he knew was an intimate friend of Mrs. Moyer's. They started up the alley, but Mrs. Moyer was very weak, and they had not gone far before she dropped on her knees, and exclaimed "Mr. Wolf, this is the last of me." Being a very large woman, weighing nearly three hundred pounds, he was unable to support her, and was compelled to lay her on the ground, placing his overcoat under her head. He then called for assistance, and Mrs. Jacob Eyerly, Mr. Ruckle, Mr. Singer, and others came at once. Mr. Wolf ran home and got a buffalo robe, and they placed her on it, still living, but unconscious and frothing at the nose and mouth. A sofa was procured and she was carried to her home on Iron street, and breathed her last just as they reached the house. It all happened so quickly that a physician could not be summoned, and it is not at all likely that medical aid could have helped her. The news of her illness had reached the family and most of them were there awaiting her arrival, and also a number of neighbors and friends. Mr. Moyer was up town, but came home to find his wife dead.

Mrs. Moyer was a daughter of the late Valentine Bidleman, and a sister of Mrs. Enos Jacoby, of this town, Mrs. Dr. J. F. Chapin, Ellis Bidleman and Ramsay Bidleman of Schoolcraft, Michigan, and William Bidleman of Great Bend, Kansas. She was fifty four years of age, and besides her husband, she leaves five children, viz. Valentine B., George, Mrs. John W. Mears, of Bloomsburg; Mrs. Sophia Bell of Schoolcraft, and Edward, of Scranton. She was an earnest member of the Lutheran church, and also of the Woman's Auxiliary of the Y. M. C. A. She was also greatly interested in the G. A. R. of which her husband is a prominent member.

For some years she has been subject to attacks of shortness of breath, and it is believed that on Monday evening she felt an attack coming on, and went out for fresh air, and became bewildered, and wandered to the spot where Mr. Wolf found her. She was expecting to go to Michigan the first of May on a visit.

The funeral took place at the house on Thursday afternoon at two o'clock, Rev. P. A. Heilman officiating. The remains were intered in Rosemont cemetery.

CREASY & WELLS.

There is perhaps no more enterprising firm in this section than that of Creasy & Wells. Recently they remodeled the old planing mill and fitted it with new and the latest improved machinery. Since making these improvements they have been crowded with work and yet giving their attention strictly to local work. In their large lumber yards they have all sizes of doors, sash, blinds, shutters and moldings of the best of Kiln dried lumber from Milwaukee and Chicago. Lately they have begun the use of Cypress and Cedar lumber. They furnished Cypress to complete the new Evangelical church at Espy. The red cedar is obtained from Washington Territory and the white from Michigan. They also use extensively southern poplar from Kentucky and Tennessee, also southern yellow pine and spruce. A shingle mill of improved style, with a capacity of 20,000 shingles per day has been set up in the woods near Buck Horn; the purpose was to manufacture a cheap shingle of hemlock and chestnut. Mr. L. M. Pettit of Lightstreet has charge of the shingle mill. He is kept busy night and day filling the orders. The firm have seven mills producing timber of all kinds. They give employment in their saw mills, planing mill yards and shingle mill to about 275 workmen.

Much of the corn meal that is consumed in this town is manufactured by H. V. White & Co., at their grain warehouse and chop mill. They produce as nice a meal as can be had anywhere. Their machine for grinding chop has a capacity of from 5 to 6 tons per day; it is operated by a gas engine. Parties bringing in their grain can have it made into chop on short notice.

COUNCIL PROCEEDINGS.

Special meeting called April 13 with all the members present.

Geo. S. Robbins appeared and asked council to reconsider the action at last meeting in regard to accepting Sterner's alley from West street to the B. & S. railroad. On motion of Mr. Peacock it was reconsidered by a vote of 4 to 2. A deed of release from D. J. Waller accompanied the petition.

Mr. Ratti presented a proposition to build a culvert from West street to B. & S. railroad, on condition that the town would pay for that portion of it that lies on Sterner's alley—it being about one-half the distance—and Mr. Ratti to receive his pay by being credited each year with the amount of his town tax; the balance of the culvert to be paid by Mr. Ratti. On motion it was accepted.

A petition and release deed by Wm. Chrisman, Esq., and Honora Robbins, was presented asking for a sewer, fire-plug, and the acceptance of a short street; Mr. Chrisman agreeing to be at the expense of grading the street. Referred to committee on highways.

T. L. Gunton asked for permit to make improvements at his place of business.

Petition for sewer from East to Wood street, on Berwick road, was granted.

Mr. Holmes stated that at the next meeting he would move to make the tax rate 9 mills, Mr. Gorrey would move to make it 8 mills.

April 17, 1893.

Special meeting called with all the members present except Peacock.

Committee on Highways reported on accepting the street offered in proposition of Wm. Chrisman and putting in sewer and fire-plug.

Mr. Gorrey moved to reconsider the action in reference to Sterner's alley and the proposition of Mr. Ratti and refer the same to the committee on highways: yea, Knorr, Swentzel, Gorrey; nay, Housel, Holmes; the president decided the motion carried.

On motion the solicitor was instructed to commence proceedings against the B. & S. railroad to compel them to make a larger culvert over Snyder run, under the railroad track.

Building permits were granted to Chas. Rimard, for frame dwelling on Fourth street, and C. W. McKelvy for repairing house on corner of Market street and Ridge alley.

MILLVILLE.

The Prohibition club meets twice a month on Thursday night.

The ground is staked off, and work on the new Lutheran church will soon be begun.

The Rev. Savidge of Eyersgrove preached in the Free church last Sunday afternoon.

Harry Sands of Welliversville who recently graduated as a Veterinary Surgeon at Canada is meeting with very good success in this vicinity.

The time for large fish stories is at hand. Go fishing for trout boys, but stick to the truth.

W. B. German started Thursday the 30th for Dansville, New York, for treatment.

Lillie Fowler of Pine Summit started in the Friend's school last Monday. She is boarding at Della German's.

The L. T. L. gave an entertainment last Tuesday night in Union Hall, after which the graduating class received their diplomas.

Street Commissioner Kisner has commenced work on the streets.

A Novel Time Table.

There has been put up in the St. Elmo Hotel, one of Merrick's perpetual railway and mail time table.

The time of the arrival and departure of the D. L. &. W. Railroad and Pennsylvania Railroad and the arrival and closing of the mails is accurately and simply shown by a system of imitation clocks arranged under the headings of the different roads or mails. Above each clock face an attachment holds a card stating the points at which the train stops or for which it makes connection. Below a similar attachment holds a card marked a. m. or p. m., showing whether the train or mail leaves in the morning or the afternoon. Thus at a glance a person cannot fail to see just when a train leaves or the mail closes for any desired point.

A Good Peach Crop.

Delaware peach growers are happy over the prospects of a good crop for this season. For the first time in years the cry that "peaches are killed" has not been heard. Unless unforeseen circumstances occur there will be about two-thirds of a full crop of peaches this year on the peninsula.

CHURCH GOING.

THE COLUMBIAN last week says the above "is a subject worthy of public attention, and a discussion of the subject is invited in these columns," and among other questions asks, "why so many do not go to church?" The Holy Bible furnishes an answer for every question asked. In Romans VIII 7 we are taught that "the carnal mind is enmity against God; for it is not subject to the law of God, neither indeed can be." Hence the natural inclination of man is to wander farther and farther from God, and, consequently also from the church of God. Therefore the unreconciled seldom meet except by accident.

Notwithstanding the fact that so many do not attend church, a fearful responsibility therefore rests upon some one. And, is it not parental responsibility. Let us see. In Prov. XXII 6, we read, "Train up a child in the way he should go, and when he is old he will not depart from it." In Denteronomy VI 4–9 we read, "Hear, O Israel: The Lord our God is one Lord. And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might. And these words which I command thee this day, shall be in thine heart.

And thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up.

And thou shalt bind them for a sign upon thine hand, and they shall be as frontlets between thine eyes.

And thou shalt write them upon the posts of thine house, and upon thy gates."

O, fearful is the parental responsibility for the utter and unrestrained depravity of their children.

Every unfavorable comment, or criticism by a parent in reference to the minister, or church in presence of his children only weakens the power and influence of the minister and church in the salvation of his children, and increases the satanical influence that leads them to deeper depravity. We need not wonder nor seek long for a solution of the problem why so many people do not attend church when the fault lies at the threshold of nearly every home of our beloved land.

In Genesis IV 9, we read: "And the Lord said unto Cain, where is Abel thy brother? And he said, I know not. Am I my brother's keeper?" May not this question be asked every Sabbath, in every church throughout the length and breadth of christendom, "Where is thy brother?" He is not at the sanctuary, where is he? Who can give an account of his brother or child? At whose hands will their blood be required? These are serious questions for parental thought and study. C.

EDITOR OF THE COLUMBIAN:

In your issue of April 7th, you gave an estimate of the church attendance in Bloomsburg which does injustice to its citizens. You estimate the population at 6000 and then say "On pleasant Sunday mornings or when there is some special attraction at the Churches there may be as many as one thousand people in attendance, but this is unusual. This is only about one sixth of the population."

Now let us look at the facts. In September last it is doubtful if the population much exceeded 5000. It so happens that on the fourth Sabbath of August and the first three Sabbaths in September, the attendance at the several churches was counted and published in the Monday edition of the *Bloomsburg Daily*. On Aug. 28 the attendance was 1163, on Sept. 3, 1103; On Sept. 10. 1260; On Sept. 17, it was 1231. On each of these Sabbaths one or more churches was closed, the Reformed Church being without a pastor. It is a strange fact, but still true. the congregations of temporarly closed churches remain at home. This record shows an attendance not far from one fourth of the population. This indeed is poor enough, but still better than the impression produced by the article which you publish.

But again what is a proper estimate of the proportion who should be present? Children, aged persons, the sick, and necessary attendants at home will easily number one half the population. Again, many of those absent from the morning service are present in the evening. If we make those present at one service each day we largely increase the ratio of attendance.

The seating capacity of the churches in Bloomsburg is nearly 2500. Thus we see that only about one half of the accommodations are used. I think from actual observation that with the increased population of the last seven months the attendance is much larger. I know this is true in two of the leading churches.

You ask, can any one give you a reason why so many neglect church. I can give no good and sufficient reason. But the real reason is that there are so many of our residents are new comers. These, having no church associations here, stay away. They do not know the pastors or any of the church attendants and without a true interest in religious service, having no associations to incite them, indulge themselves on Sabbath morning in late hours, and after a stroll in the afternoon, lounge about home in the evening, without sufficient energy to lead them to dress for church. This is especially true of the many who without homes are attracted by the work which our factories afford. For the indifferent citizens who know their duty and neglect it we offer no excuse. X.

BLOOMSBURG ARTIFICIAL ICE CO.

The Bloomsburg Artificial Ice Company is now ready for the warm season's work. The capacity of the plant is such that a single out-put just at the beginning of the cold winter has lasted them until the present. They are now delivering only about a half ton per day. The officers of the company are Myron I. Low, president; W. R. Kocher, secretary; C. C. Peacock, treasurer, and the following directors; Myron I. Low, C. W. Miller, C. C. Peacock, W. R. Kocher, C. W. McKelvy, L. E. Waller, C. M. Creveling. The company expects soon to issue cards, for general distribution, showing the rates that will be charged for ice during the coming season. The rate determined upon will be about the same as that of last year. Josiah Gigger will superintend the delivery of all the ice. Information as to rates, and manner and time of delivery may be obtained from him or any member of the company. There will be no delivery wagon run on Sunday—consumers will be obliged to lay in a double supply Saturday.

COLD STORAGE.

The company has three cold storage rooms each about twelve feet wide and thirty-five feet long; the temperature in these rooms is regulated to suit the articles stored, and vary from twenty-five degrees upwards. In addition to these is a room 12 by 20 feet for the storage of ice after being frozen. In one of the storage rooms at present are several barrels of apples placed in there last fall by C. W. Miller and C. W. Neal. The apples are in excellent condition now, not being affected at all by rot. The Normal School has made provision for the storage of butter and eggs. Our farmers ought to take advantage of these storage rooms and when butter and eggs are at their lowest price, store them until the price has again been restored. The cost for storage of butter for the season in lots of 500 pounds or more is ⅛ of a cent per pound and that of eggs about 2 cents per dozen. It is a beautiful sight to look into the storage rooms and see the coating of frost about an inch thick covering all the pipes—the pipes appear to be about three inches in diameter, when in reality they are but 1¼ inch pipe.

The plant is located near the D. L. & W. railroad, between East and Catharine streets.

EAST BENTON.

John Wenner and wife of Van Camp are seriously sick.

Emandus Bender of the same place has also been confined to the house for a number of weeks.

Much sickness in our locality is prevalent at the present time.

Farming has made but little progress on account of wet weather.

A. J. Crawford is building a new shed.

Judge Krickbaum made a trip to Bloomsburg last Saturday.

We paid Elk Grove a visit week ago last Saturday. We were never so far up the mountain in that direction.

The Millville correspondent said sometime ago, where is the Benton prophet who said there will be six weeks good sleighing in March? Here is April 16th and stilll I see snow in the fence corners.

The matrimonial blossoms are beginning to bud. It matters not about the season, cold or hot, they always come out about the same time.

Some one wrote that Bendertown was trying to remove the Van Camp Post Office to that place. Of course progressive Bendertown wants a Post Office, but Van Camp has a possession right that the public is bound to respect, both as to age and locality, and for the general convenience of the people. But we cannot see what is to hinder Bendertown from having a Post Office of its own.

PERSONAL.

Miss Cora Biddle of White Hall is a guest at M. C. Woodward's.

John F. Derr of Jackson was in town last week Thursday, for the first time in a long while.

Dr. James B. Neal is at home again. His wife is with her parents in Maryland. They expect to return to China about the first of July.

Wm. Goodman of Conyngham shook hands with his many friends in Bloomsburg one day last week.

Judge Elwell walked up town on Monday for the first time since last fall. The cold winter weather compelled him to keep closely housed for the past six months.

R. M. Grove of Danville, a member of Echo Park Association, went up the creek to Cole's last Saturday, and placed a large number of young trout in the streams.

Dr. Redeker of Espy was in town on Wednesday. He is a frequent visitor here. Besides being a skilfull physician he is one of Espy's most enterprising business men.

ORCHESTRAL CONCERT.

A concert will be given in the Opera House Tuesday, May 2d, by the Bloomsburg Orchestra, under the direction of Mr. Chas. P. Elwell. The orchestra will be assisted on this occasion by Mrs. Hodgdon, soprano, Mrs. John Gilbert, contralto, Mr. Orville Yetter, basso, Miss Maude Runyon, pianist, Mrs. Fred Holmes, accompanist, Prof. W. Adjourned Court.

An adjourned court was held on April 12, all the Judges on the bench. The business done was as follows:

Hotel license of J. W. Perry in Sugarloaf township was transferred to David L. Husted.

Sheriff's deed to Edward F. Smith for property of Horace Schweppenheiser in Mifflin township was acknowledged.

Sale of real estate ordered in the estate of Christian Benninger, deceased.

Henry Mellick vs. James Patterson. Petition to satisfy judgment filed.

Bond of Frank Singly, who was appointed constable in Beaver township filed and approved.

Petition of trustee of Mary A. Brittain for an order to authorize improvements to real estate presented and prayer of petitioner granted.

CENTRAL.

The many changes of this place, seem to make it quite a new locality. Every house is occupied and all seem to be busy making preparations for having pleasant homes.

J. W. Perry has taken possession of the Central Park Hotel and with its many changes that it will undergo will make the Central second to none for the accommodation of the traveling public. A pleasant place for fishermen and all others that want to have a pleasant place to stop for business or pleasure.

The trout season started in with a very cold rain, making the creeks high, there being quantities of snow back on the mountains yet. Saw one lonely trout Saturday afternoon: it was caught by Master Harry Vansickle.

We noticed in Central, Sheriff Mowrey, Daniel Rudy, contractor of Berwick; King Williamson, Jobber at Jamison City, all registered at the Plark Hotel the 15th inst.

J. B. Hess has built a new fence around his buildings and others intend the same.

The other mills are now running on both branches, which will make the season a good one for the working class.

They give employment in their saw mills, planing mill yards and shingle mill to about 275 workmen.

Much of the corn meal that is consumed in this town is manufactured by H. V. White & Co., at their grain warehouse and chop mill. They produce as nice a meal as can be had anywhere. Their machine for grinding chop has a capacity of from 5 to 6 tons per day; it is operated by a gas engine. Parties bringing in their grain can have it made into chop on short notice.

COUNCIL PROCEEDINGS.

Special meeting called April 13 with all the members present.

Geo. S. Robbins appeared and asked council to reconsider the action at last meeting in regard to accepting Sterner's alley from West street to the B. & S. railroad. On motion of Mr. Peacock it was reconsidered by a vote of 4 to 2. A deed of release from D. J. Waller accompanied the petition.

Mr. Ratti presented a proposition to build a culvert from West street to B. & S. railroad, on condition that the town would pay for that portion of it that lies on Sterner's alley—it being about one-half the distance—and Mr. Ratti to receive his pay by being credited each year with the amount of his town tax; the balance of the culvert to be paid by Mr. Ratti. On motion it was accepted.

A Novel Time Table.

There has been put up in the St. Elmo Hotel, one of Merrick's perpetual railway and mail time table.

The time of the arrival and departure of the D. L. &. W. Railroad and Pennsylvania Railroad and the arrival and closing of the mails is accurately and simply shown by a system of imitation clocks arranged under the headings of the different roads or mails. Above each clock face an attachment holds a card stating the points at which the train stops or for which it makes connection. Below a similar attachment holds a card marked a. m. or p. m., showing whether the train or mail leaves in the morning or the afternoon. Thus at a glance a person cannot fail to see just when a train leaves or the mail closes for any desired point.

A Good Peach Crop.

Delaware peach growers are happy over the prospects of a good crop for this season. For the first time in years the cry that "peaches are killed" has not been heard. Unless unforeseen circumstances occur there will be about two-thirds of a full crop of peaches this year on the peninsula.

CHURCH GOING.

THE COLUMBIAN last week says the above "is a subject worthy of public attention, and a discussion of the subject is invited in these columns," and among other questions asks, "why so many do not go to church?" The Holy Bible furnishes an answer for every question asked. In Romans VIII 7 we are taught that "the carnal mind is enmity against God; for it is not subject to the law of God, neither indeed can be." Hence the natural inclination of man is to wander farther and farther from God, and, consequently also from the church of God. Therefore the unreconciled seldom meet except by accident.

Notwithstanding the fact that so many do not attend church, a fearful responsibility therefore rests upon some one. And, is it not parental responsibility. Let us see. In Prov. XXII 6, we read, "Train up a child in the way he should go, and when he is old he will not depart from it." In Denteronomy VI 4-9 we read, "Hear, O Israel: The Lord our God is one Lord. And thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might. And these words which I command thee this day, shall be in thine heart.

And thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up.

And thou shalt bind them for a sign upon thine hand, and they shall be as frontlets between thine eyes.

And thou shalt write them upon the posts of thine house, and upon thy gates."

O, fearful is the parental responsibility for the utter and unrestrained depravity of their children.

Every unfavorable comment, or criticism by a parent in reference to the minister, or church in presence of his children only weakens the power and influence of the minister and church in the salvation of his children, and increases the satanical influence that leads them to deeper depravity. We need not wonder nor seek long for a solution of the problem why so many people do not attend church when the fault lies at the threshold of nearly every home of our beloved land.

In Genesis IV 9, we read: "And the Lord said unto Cain, where is Abel thy brother? And he said, I know not. Am I my brother's keeper?" May not this question be asked every Sabbath, in every church throughout the length and breadth of christendom, "Where is thy brother?" He is not at the sanctuary, where is he? Who can give an account of his brother or child? At whose hands will their blood be required? These are serious questions for parental thought and study.

C.

EDITOR OF THE COLUMBIAN:

In your issue of April 7th, you gave an estimate of the church attendance in Bloomsburg which does injustice to its citizens. You estimate the population at 6000 and then say "On pleasant Sunday mornings or when there is some special attraction at the Churches there may be as many as one thousand people in attendance, but this is unusual. This is only about one sixth of the population."

Now let us look at the facts. In September last it is doubtful if the population much exceeded 5000. It so happens that on the fourth Sabbath of August and the first three Sabbaths in September, the attendance at the several churches was counted and published in the Monday edition of the *Bloomsburg Daily*. On Aug. 28 the attendance was 1163, on Sept. 3, 1103; On Sept. 10. 1260; On Sept. 17, it was 1231. On each of these Sabbaths one or more churches was closed, the Reformed Church being without a pastor. It is a strange fact, but still true. the congregations of temporarly closed churches remain at home. This record shows an attendance not far from one fourth of the population. This indeed is poor enough, but still better than the impression produced by the article which you publish.

But again what is a proper estimate of the proportion who should be present? Children, aged persons, the sick, and necessary attendants at home will easily number one half the population. Again, many of those absent from the morning service are present in the evening. If we make those present at one service each day we largely increase the ratio of attendance.

The seating capacity of the churches in Bloomsburg is nearly 2500. Thus we see that only about one half of the accommodations are used. I think from actual observation that with the increased population of the last seven months the attendance is much larger. I know this is true in two of the leading churches.

You ask, can any one give you a reason why so many neglect church. I can give no good and sufficient reason. But the real reason is that there are so many of our residents are new comers. These, having no church associations here, stay away. They do not know the pastors or any of the church attendants and without a true interest in religious service, having no associations to incite them, indulge themselves on Sabbath morning in late hours, and after a stroll in the afternoon, lounge about home in the evening, without sufficient energy to lead them to dress for church. This is especially true of the many who without homes are attracted by the work which our factories afford. For the indifferent citizens who know their duty and neglect it we offer no excuse.

BLOOMSBURG ARTIFICIAL ICE CO.

The Bloomsburg Artificial Ice Company is now ready for the warm season's work. The capacity of the plant is such that a single out-put just at the beginning of the cold winter has lasted them until the present. They are now delivering only about a half ton per day. The officers of the company are Myron I. Low, president; W. R. Kocher, secretary; C. C. Peacock, treasurer, and the following directors; Myron I. Low, C. W. Miller, C. C. Peacock, W. R. Kocher, C. W. McKelvy, L. E. Waller, C. M. Creveling. The company expects soon to issue cards, for general distribution, showing the rates that will be charged for ice during the coming season. The rate determined upon will be about the same as that of last year. Josiah Gigger will superintend the delivery of all the ice. Information as to rates, and manner and time of delivery may be obtained from him or any member of the company. There will be no delivery wagon run on Sunday—consumers will be obliged to lay in a double supply Saturday.

COLD STORAGE.

The company has three cold storage rooms each about twelve feet wide and thirty-five feet long; the temperature in these rooms is regulated to suit the articles stored, and vary from twenty-five degrees upwards. In addition to these is a room 12 by 20 feet for the storage of ice after being frozen. In one of the storage rooms at present are several barrels of apples placed in there last fall by C. W. Miller and C. W. Neal. The apples are in excellent condition now, not being affected at all by rot. The Normal School has made provision for the storage of butter and eggs. Our farmers ought to take advantage of these storage rooms and when butter and eggs are at their lowest price, store them until the price has again been restored. The cost for storage of butter for the season in lots of 500 pounds or more is ½ of a cent per pound and that of eggs about 2 cents per dozen. It is a beautiful sight to look into the storage rooms and see the coating of frost about an inch thick covering all the pipes—the pipes appear to be about three inches in diameter, when in reality they are but 1¼ inch pipe.

The plant is located near the D. L. & W. railroad, between East and Catharine streets.

EAST BENTON.

Emandus Bender of the same place has also been confined to the house for a number of weeks.

Much sickness in our locality is prevalent at the present time.

Farming has made but little progress on account of wet weather.

We paid Elk Grove a visit week ago last Saturday. We were never so far up the mountain in that direction.

The Millville correspondent said sometime ago, where is the Benton prophet who said there will be six weeks good sleighing in March? Here is April 16th and stilll I see snow in the fence corners.

The matrimonial blossoms are beginning to bud. It matters not about the season, cold or hot, they always come out about the same time.

Some one wrote that Bendertown was trying to remove the Van Camp Post Office to that place. Of course progressive Bendertown wants a Post Office, but Van Camp has a possession right that the public is bound to respect, both as to age and locality, and for the general convenience of the people. But we cannot see what is to hinder Bendertown from having a Post Office of its own.

The many changes of this place, seem to make it quite a new locality. Every house is occupied and all seem to be busy making preparations for having pleasant homes.

J. W. Perry has taken possession of the Central Park Hotel and with its many changes that it will undergo will make the Central second to none for the accommodation of the traveling public. A pleasant place for fishermen and all others that want to have a pleasant place to stop for business or pleasure.

The trout season started in with a very cold rain, making the creeks high, there being quantities of snow back on the mountains yet. Saw one lonely trout Saturday afternoon: it was caught by Master Harry Vansickle.

We noticed in Central, Sheriff Mowrey, Daniel Rudy, contractor of Berwick; King Williamson, Jobber at Jamison City, all registered at the Plark Hotel the 15th inst.

J. B. Hess has built a new fence around his buildings and others intend the same.

The other mills are now running on both branches, which will make the season a good one for the working class.

BAKER WAS UNSEATED.

Taggart to Occupy His Place in the House.

AN ELECTION CONTEST SETTLED.

The House by a Vote of 116 to 63 Declares Mr. Baker to Have Been Illegally Elected to Represent Montgomery County—Other Legislative News.

HARRISBURG, April 19.—Another democrat, making four in all, has been unseated by the republican majority in the house, Charles I. Baker, from Montgomery county, giving way to Austin L. Taggart, who contested his seat on the ground that fifty-six students at St. Charles' Borromeo seminary, a Catholic institution where young men are prepared for the priesthood, voted illegally for Baker. The house agreed with this idea and voted to unseat that gentleman, the only incident of the roll-call being the fact that Mr. Butterfield, of Erie, a republican, voted with the democrats in favor of Baker.

There yet remain two contests to be acted upon. In the Lancaster county case the general belief is that Walter W. Franklin, republican, will be given the seat now held by his successful democratic opponent, Mr. Forrest, and that J. P. O'Kell will become a member from Lackawanna county in place of J. J. Quinnan, the democrat who apparently beat him at the polls last November. The other democrats who have been unseated are Wilbur P. Higby, of Crawford county, who gave way to ex-State Chairman Andrews, and Messrs. Waugaman and Barnhart, of Westmoreland, who were succeeded by Porter and Hunter.

In departing from the house Mr. Baker takes with him the good will of nearly every member. His services during two sessions have earned for him a seat on the first row and a high place in the estimation of his associates. "Farmer" Taggart is also well thought of and was warmly welcomed back to the halls of legislation by those who were associates during previous sessions of the legislature.

The Niles tax bill is having hard sledding in the house. At a meeting of the ways and means committee, of which Henry K. Boyer is chairman, a formidable array of speakers pointed out the "inequalities and iniquities" of the measure.

Among them were ex-Congressman Mortimer F. Elliot from Mr. Niles' own county of Tioga; Hon. Robert E. Wright, a member of the tax commission; Captain John P. Green, vice president of the Pennsylvania Railroad Company; C. C. Kenn, of Venango, organizer for the Farmers' Alliance, and George Stevenson, representing the Philadelphia Stock Exchange.

Only one week ago the governor signed the bill appropriating $500,000 for a new state library building, and the board of public buildings and grounds has already begun the discussion of the necessary preliminaries for the erection of the building.

The new building will be built on the site of the rustic fountain, just south of the department of internal affairs, and will be finished before work is commenced on the improvements and alterations to the capitol. The commissioners will make an inspection of the library buildings in Philadelphia, Boston and New York before conferring with an architect about the plans and specifications for the new building.

NEWARK, N. J., April 19.—The cyclers here are at loggerheads over the negro question. A club of this city was going to hold a run and invited a number of cyclying letter carriers. One of the carriers, a colored man, was not invited, and his fellow-workmen refused the invitation in consequence.

HAPPENINGS IN MANY LOCALITIES

All of the Miners Rescued from the Crystal Ridge Colliery — Italians and Hungarians Engage in a Bloody Riot Near Milnesville—Other State News.

HAZELTON, April 17.—The trouble which has been brewing between the Hungarians and Italians of Milnesville and vicinity for some time Saturday night terminated in a bloody battle. As a result two men are dead, two missing, supposed to be lying at the bottom of a mine hole, and three others seriously injured.

Mike Bortz was shot in the mouth, the ball coming out back of his neck. He was taken to Hollywood, where he died shortly after. Another man who was engaged in the battle dropped his pay check on the road. It was known as "No. 408." Search at boarding houses failed to reveal anything of him. His hat was found later on the edge of a deep mine hole full of water. He is supposed to be at the bottom of the hole. Another Hungarian is also missing and he is supposed to have met the same fate. In the several boarding houses in Harleigh, Lattimer and Hollywood wounded men are now lying, but it is impossible to obtain the exact result of their injuries or names.

PHILADELPHIA, April 18.—George L. Crawford, special master in the Philadelphia and Reading railroad receivership, yesterday filed his first two reports in the United States circuit court. The first report was under the petition of John Lornie and others, holders of over $300,000 of Reading preference bonds in which leve was asked to intervene in the foreclosure suit of Thomas C. Platt.

The application was for the purpose of having the coupons of 1892 and 1893 on the first and second preference bonds cashed upon depositing all prior coupons in the registry of the court instead of surrendering them to the company, so that the rights of the complainants would be protected in the pending litigation.

The master says the petitioners are entitled to payment of their coupons maturing February 1, 1892, and also the coupons maturing February 1, 1893, upon deposit of their coupons in the court, pending the determination of proceedings upon their original bill, without enforced abandonment of their claim therein and surrender of prior coupons.

The master further says that the application for a mandatory preliminary injunction compelling payment by the receivers of the '92 and '93 coupons and the issue of slip receipts should be denied.

The second report of Mr. Crawford upon the petition of the receivers asking authority to settle the suit of the Philadelphia Trust, Safe Deposit and Insurance Company, trustee under the will of William Richardson and others against the Reading Coal and Iron Company, pending in the common pleas court, and purchase the Leonard Reed tract of land on the terms proposed. Regarding this the master says that settlement should be consummated.

WILKES-BARRE, April 17.—A bloody riot took place at Plymouth, about four miles from here, at an early house yesterday morning. The mob engaged in the fracas were all Huns and Polanders who were under the influence of liquor. Revolvers, stones and clubs were freely used upon each other's head until the police made a raid upon them. Six of the combatants were arrested and several made their escape.

One man known as Stanislaus Jacobfosky, formerly a member of company A, United States Army, was found lying on the ground unconscious. He was carried into a house near by and physicians were sent for. They found that his skull had been crushed in with a club. Everything was done to relieve the injured man, but he died in a few hours. The persons under arrest were sent to the county prison until this evening when they will have a hearing on the charge of murder. The coroner will investigate the case in the meantime.

READING, April 18.—Augustus Dry, of this city, in company with several companions, started on a fishing trip to Millmont, several miles down the Schuylkill, where they expected to spend Sunday. They built a fire, the air being raw and chilly. As Dry was feeling tired, he laid down to sleep near the fire, and during the absence of his companions the wind drove the blaze towards him and ignited his clothing, burning him in a horrible manner. Several of his toes were burned off, while the skin on his legs and body hung in shreds. The man was brought to the Reading hospital in a wagon, but died several hours after being admitted to that institution. He was 42 years of age, and had been married three times. His third wife and seven children survive him.

HARRISBURG, April 18.—In the matter of the Commonwealth of Pennsylvania vs. the city and county of Philadelphia, Judge Simonton yesterday rendered an opinion in which the defense will pay over to the state the sum of $887,893.55. This is a closing of litigation growing out of the malfeasance of John Bardsley while he was city treasurer, he having as the fiscal agent of that city collected this money, but failed to pay it into the treasury of the state. On the principal well established in law that the principal in a transaction is responsible for the action of an agent Philadelphia is held to pay this money into the state treasury which its agent, John Bardsley, purloined from its treasury.

HAZLETON, April 18.—Late last night the fire in the Crystal Ridge mine had burned out the slope timbers, and that opening caved in near the surface. POINT PLEASANT, April 19.—Suicide, and not murder, now appears to have been at the bottom of the mystery surrounding the death of hay merchant Samuel W. Leidy, whose bones were found in the ashes of the hay house April 2. False entries have been found in his books, and it is now thought that he dreaded the approaching settlement with his partner, John D. Hunsburger. Large book accounts of nearly $5,000 were standing open. His personal account books, always kept at his home, cannot be found. The footprints on the ledger have been identified as Leidy's own, owing to the marks of the two rows of nails in the heels. John Sutter, his foreman, declares that for a week he had acted strangely.

Cleveland to open the Fair.

THE PRESIDENT WILL TOUCH THE BUTTON IN A VAST CROWD'S PRESENCE.

President Cleveland will touch off the World's Fair on May 1 in the presence of from 100,000 to 150,000 people. The ceremonies will be held at the east front of the administration building. There was considerable objection to the massing of so large a crowd, as it was feared that it might ruin the lawns and flower gardens, but these were overcome.

A substantial platform just in front of the administration building will be connected with Machinery Hall so that President Cleveland will only have to step to the speaker's table to touch the button. It is proposed to mass all the electric launches, gondolas and other water craft in the basin and in front of the building.

Ladies' Summer Styles are nearly facsimilies of those of our Grandmothers.

Leading designers of fashions are already discussing the revival of the Louis XIII period, and believe also that Elizabethan ruffles and stomachers will come into fashion for the summer casino toilette. In making the new skirts dressmakers perform a real stroke of magic. For while the amateur modiste finds herself at a loss to reproduce one of these new models, the experienced professional knows how to fit the hips in front gore or pleat and cause the skirt to suddenly expand and flare outward at the feet, where it measures many yards in circumference. And this simply because she wisely takes her knowledge from the Fashion Magazines published both in Paris and New York, by A. McDowell & Co. These illustrated magazines are an invaluable guide to any one who seeks information in the latest fashions. "La Mode de Paris" and "Paris Album of Fashion" each cost $3.50 a year, or 35 cents a copy and contain a cyclopædia of knowledge on this subject. "The French Dressmaker," which costs only $3.00 per annum, or 30 cents a copy, is without a peer for practical dressmaking.

They also contain lessons on current styles which alone place them above competition. "La Mode" with its low subscription price of $1.50 a year, or 15 cents a copy, is the *home journal* "par excellence." If unable to find any of these magazines at your newsdealers do not accept any substitute, but apply directly to Messrs. A. McDowell & Co., 4 West 14th Street, New York.

I feel it my duty to say a few words in regard to Ely's Cream Balm, and I do it entirely without solicitation. I have used it more or less half a year, and have found it to be most admirable. I have suffered from catarrh of the worst kind ever since I was a little boy and I never hoped for cure, but Cream Balm seems to do even that. Many of my acquaintances have used it with excellent results.—Oscar Ostrum, 45 Warren Ave., Chicago, Ill.

THE SENATE ADJOURNS SINE DIE.

The Extraordinary Session Finished at 6 o'clock Saturday Night.

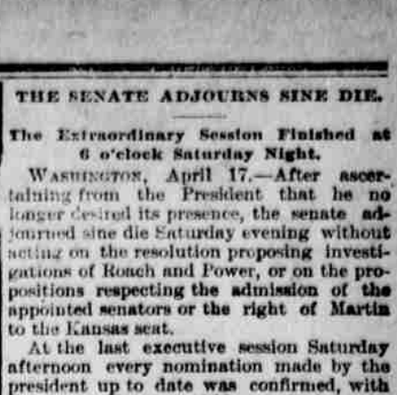
WASHINGTON, April 17.—After ascertaining from the President that he no longer desired its presence, the senate adjourned sine die Saturday evening without acting on the resolution proposing investigations of Roach and Power, or on the propositions respecting the admission of the appointed senators or the right of Martin to the Kansas seat.

At the last executive session Saturday afternoon every nomination made by the president up to date was confirmed, with the single exception of Hewson E. Lannan, to be United States marshal for Delaware, which was sent in Saturday. Under the rule a single objection was sufficient to carry the nomination over for a day, and Senator Higgins made that objection and persisted in it.

Senator Gray sought to have it withdrawn, but Mr. Higgins was obdurate and exercised the privilege that belonged to him. Consequently the nomination remained unacted upon, it being understood that the president would re-appoint Lennan in the recess.

Olney Will not Resign.

WASHINGTON, April 17.—Attorney General Olney said to a reporter last night that the story sent out from Boston to the effect that he was soon to send in his resignation and step down and out of President



HON. RICHARD OLNEY.

Cleveland's cabinet, was a manufactured one. He declared in emphatic terms that he had contemplated taking no such step. The attorney general expressed himself as perfectly satisfied with his office and remarked before the close of the interview that thus far nothing had transpired to cause him to regret for a moment having accepted a cabinet position.

Trouble Looked for on the Lake Shore.

TOLEDO, O., April 19.—The general advisory committee of the Brotherhood of Locomotive Engineers, embracing all lines west of Cleveland as far as Chicago, is in session here. The subject of its deliberations is the refusal of the Lake Shore to reinstate the engineers who quit work on March 17, rather than haul boycotted Ann Arbor cars. The members are reticient, but the probabilities favor a general strike of engineers and firemen on the Lake Shore to compel their re-instatement.

The Union Pacific Strike.

DENVER, April 19.—Yesterday afternoon three union men gave up their positions in the shops and quit the employ of the Union Pacific Company, and eight others failed to show up for work. Foreman White says he does not know whether they are striking or are detained from work for other causes. There are about fifty union men at work and they claim to have had no official announcement of a strike.

Our Crop Outlook.

WASHINGTON, April 19.—The following is a synopsis of the crop reports received at the weather bureau for the week ending yesterday for Pennsylvania: Pennsylvania—Cool wet weather delayed work generally; little progress in northern portion. In southern portion crops are growing finely; good stand of wheat and grass; trees budding, outlook is favorable.

Miss Cornelia Martin Married.

NEW YORK, April 19.—William George Robert, earl of Craven, and Miss Cornelia Martin, only daughter of Mr. and Mrs. Bradley Martin, were married yesterday afternoon by Bishop Potter and Rev. Dr. William Q. Huntington, in Grace church. Two thousand of the elite of New York and English society were present. The wedding was a magnificent affair.

THE COLUMBIAN,
Bloomsburg, Pa.

FRIDAY, APRIL 21, 1893.

The United States Senate adjourned last Saturday.

The old Liberty bell will be taken from Philadelphia to Chicago, and placed in the World's Fair.

J. S. Harris has accepted the Presidency of the Philadelphia & Reading Railroad Co., in place of A. A. McLeod, resigned.

In a recent interview A. A. McLeod says that he resigned the Presidency of the Reading railroad, because A. J. Drexel demanded it.

The local option law was defeated in the House last week by a vote of 68 to 102. Mr. Tewksbury voted for it, and Mr. Fritz against it.

The President has appointed Joseph S. Miller of West Virginia to be Commissioner of Internal Revenue. This is the position for which ex-Congressman John B. Storm was an applicant.

The Duke de Veragua, a lineal decendent from Christopher Columbus, being the thirteenth in descent, arrived in this country from Spain last Saturday. He will attend the World's Fair at Chicago. He is naturally receiving much attention.

The following bills passed second reading in the Senate on Monday: designating the several judicial districts; punishing the distribution of indecent and immoral writings, photographs and of drugs or articles designed to prevent conception; authorizing School Directors to establish public school libraries; allowing Judges $500 for clerical assistance; empowering courts to grant transfers of liquor licenses from one place to another.

A bill was introduced by Mr. Tewksbury, on April 10, 1893, entitled An Act Authorizing the Governor of this Commonwealth to appoint five persons to make inquiry and examine into and make report to the next session of this Legislature at its next regular session the advisability of erecting suitable tablets marking the various forts erected as a defense against the Indians by the early settlers of this Commonwealth prior to the year one thousand seven hundred and eighty-three.

At the Girard House that rare old statesman, Charles R. Buckalew, is finding a home. He was in the United States Senate in the turbulent days of the republic, when men were called upon to decide mighty questions. A man without ostentation, despising all the tricks of politics, of speech or action, he had the respect of his colleagues, which many a more famous man did not enjoy. After some retirement he found his way into the lower house of Congress, where the noise and nonsense of speech and action often annoyed him, and he went back to his country home up in the interior of Pennsylvania to get repose for his sincere intellectuality, which he could not find in Washington. It takes a man of a very different temperament from Mr. Buckalew to get along on parade with the politicians of the present day, who deal for cakes and ale. —*Philadelphia Times.*

COUNTY OFFICERS.

This year the people of this county will be called upon to elect a Prothonotary and Clerk of the Courts, a Treasurer, Register and Recorder, District Attorney, and Auditors. The Democratic convention will be held on August 8th, and the delegate election the Saturday preceding. Although it is a little early yet, candidates are in the field. For Prothonotary, G. M. Quick is an applicant for a second term. He is a most efficient and gentlemanly official, and as it has been the custom for years to give the office at least two terms to the incumbent, he ought to be chosen without opposition. Mr. Quick has had very few equals and no superiors in the office. He is prompt and accurate in the discharge of his duties, and his knowledge of the records is more than extraordinary; it is wonderful. Thus far we have heard of no opposing candidate.

For County Treasurer the names of J. R. Fowler of Pine, C. A. Kleim of Bloomsburg, and A. B. Croop of Briarcreek are mentioned.

For Register and Recorder, C. B. Ent of Scott, and ex-Sheriff John B. Casey are the only ones in the field. so far as heard from.

For District Attorney, Wm. Chrisman Esq. will ask for a re-election, and Thomas B. Hanly will enter the contest against him.

For county Commissioners on this side of the river the names of several good men have been mentioned, but there is no certainty that they will run, and we are not authorized to use their names. J. G. Swank is the only one thus far announced on the other side of the river.

The rules require all candidates to announce their names in the newspapers. Now is a good time to announce.

"There is a salve for every wound." We refer to De Witt's Witch Hazel Salve, cures burns, bruises, cuts, indolent sores, as a local application in the nostrils it cures catarrh, and always cures piles. W. S. Rishton, Druggist. 10-14-1yr.

OUR WORLD'S FAIR LETTER.

WHAT ONE WILL SEE AT THE BIG FAIR GROUNDS. THE DECORATIONS OF THE WOMEN'S BUILDING. FISHERWOMEN FROM THE EASTERN COAST. THE RAPID CONSTRUCTION OF BUILDINGS AT THE FAIR.

(From our Special Correspondent.)

CHICAGO, April 18.—The question is not what one will see at the World's Fair, but what is there that cannot be seen there.

It would seem as though the whole earth had been ransacked in its uppermost parts and all the hidden treasurers brought to light for the benefit of mankind.

That beautiful "White City," which lies nestled so cozily down by the lake is the Eden of the world. Every known device of man will be there, reproductions of every wonderful thing nature has produced will be so artistically brought before the gaze of the visitor, that when the Fair is over and the wornout visitor returns to his quiet home and settles down once more to the humdrum of every day existence, he will commence with himself thus: "How little I really knew of the world and life before I visited the Columbian Exposition. Thousands of dollars spent in years of traveling could not have given me the knowledge of life and the works of nature that I now possess, and at but a very small expense, too."

Truly the year 1893 will be one long to be remembered in the minds of all nations. Our country will have made its debut to many foreign countries that never before recognized our worth. We are a great nation, and as such we will stand in the foremost ranks of civilization.

The Women's Building, though having a very plain exterior is one of the most beautiful sights in the Fair grounds. Each State has a parlor or reception room of its own, and the lady commissioners seem to outvie each other in the decorations. Ivory white will be the prevailing color for the general interior, with the different shades of yellow running from the palest cream as friezes and center pieces. Immediately below the friezes on the spaces between the graceful arches will be panels bearing the names of famous women. On the west will be inscribed the names of the Bible heroines, and the east side will bear those of all the queens who have done something good for humanity. The north end bears in a huge text of gold letters the names of the president of the Board of Lady Managers, while the south end will bear only the name of the architect of the Women's Building. The Cincinnati room is about completed and is truly a vision of beauty. Most of the work for decorating the different parlors is done before it gets here, so that but little time is required to have every thing in place. Whatever else is unfinished by May 1 the Women's Building will be on time, and in fact, every where that the ladies have had any thing to do with the installation of exhibits will be in readiness by the opening.

The Lady Commissioners from New Jersey will have a novel as well as instructive display at the Fair. They will bring about twenty-five fisherwomen from the fisheries along their coast to Jackson Park, and will make an exhibit of their work in making nets and other things pertaining to their business. They will be represented just as they live and work in their daily life.

Jackson Park is a good representation of Aladdin's Palace, where a small bit of common is in the morning a huge mass of timbers and framework of a building may loom up before night. One can fairly see things grow down there. The warm weather, coupled with the soft April showers, which we have had, is bringing out the leaves of the trees on the wooded island, and makes the grass look fresh and green.

It Should Be in Every House.

J. B. Wilson, 371 Clay St., Sharpsburg Pa., says he will not be without Dr. King's New Discovery for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia after an attack of "La Grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for Lung Trouble. Nothing like it. Try it. Free Trial Bottles at C. A. Kleim's Drug Store. Large bottles, 50c. and $1.00.

The County Commissioners of Montgomery are in a dilemma as to what action to take on the accounts of the township and borough auditors for printing and distributing ballots for the February election. A decision as to whether the county is liable for this expense or whether it shall be paid by the townships or boroughs will probably be asked of the Court. In Lackawanna County Judge Archbald has decided that the auditors must look to the townships and boroughs for their pay, while Judge Reeder, of Northampton, has decided that the charge is upon the county. The language of the law unmistakably sustains Judge Reeder's view, for it directs the auditors to certify the cost of printing and distributing the ballots to the County Commissioners "for payment as part of a county election expenses." In many of the counties the commissioners have authorized the payment out of the county treasury without any question, and that is quite clearly the intent of the law—*Press.*

Hood's Sarsaparilla Gave Strength Just in Time.

Mr. Isaac Aber
Of Vienna, N. J.

"I gladly testify to the following facts: I have been a very great sufferer for the last five years with troubles of the Lungs and kidneys and the worst stage of

Dyspepsia.

I could scarcely eat anything because of the intense pain in my stomach. I was also at one time covered with salt rheum, and my cough weakened me so that I could scarcely walk. I had several attacks of bleeding at the lungs. My breath became so short that I was unable to work and was obliged to give up my business, which is that of a mason. I could not even walk about much. So I kept going from bad to worse. I then had an attack of the shingles, which, with all my other complaints, confined me to my room for three months and

I had heard of Hood's Sarsaparilla as a good medicine, so I bought a bottle. When I had taken it, I found it had done me some good, so I continued till I had taken three bottles. MRS. CARRIE BOUTON GAINED IN FLESH 68 LBS. TO 121 1-2 LBS. BY THE USE OF A SIMPLE REMEDY.

MEN AND WOMEN INTERESTED.

"It is astonishing," said one of our physicians the other evening, "how many of the ordinary diseases people suffer from come from the one cause—excess of uric acid in the blood. To discover a medicine that would dissolve this acid has puzzled thousands of the best men of the medical profession, until Dr. David Kennedy, of Rondout, N. Y., produced what is known the world over as Dr. Kennedy's Favorite Remedy. The great value we place in Favorite Remedy comes from the fact that it is the only medicine that will effectually dissolve this acid thus curing rheumatism, dyspepsia, kidney, liver and urinary troubles and the sicknesses women suffer from. These and many more troubles all come from the one cause, as I said before, this death-dealing uric acid."

Perhaps there has been no one person in Wyoming Co., Pa., that has suffered more than Mrs. Carrie Bouton, formerly of Schottville, but now of Harvey's Lake, Luzerne Co. Mrs. Bouton, in relating her restoration to health, said: "From a growing girl I suffered from female trouble or weakness peculiar to my sex. Several physicians prescribed for me but I found no relief. I was reduced in flesh down to 68 pounds. By accident I heard of Dr. Kennedy's Favorite Remedy and determined to try it, and to my great joy I began to realize that I had found a medicine that was doing me good. I think I had used five bottles when I found that I weighed 121½ pounds and was better in health than I ever was before.

Inquiry among Mrs. Bouton's neighbors shows that she states nothing but the facts in regard to her case. Many other instances of the kind are widely talked of in Scottsville, Tunkhannock, Wilkesbarre and other places where Dr. Kennedy's Favorite Remedy has effected many cures after physicians had given up hope.

"But," says one of our prominent druggists, 'Favorite Remedy is equally efficacious in other diseases, as talks with people I have sold Favorite Remedy to affirm. To my knowledge right in our town Favorite Remedy has cured people suffering from rheumatism, dyspepsia, kidney, liver and urinary troubles."

Since the publication in one of the New York medical journals of the case of Mr. E. P. Tayer, of East Nassau, N. Y., Dr. Kennedy's Favorite Remedy has been increasing in sale. Mr. Tayer had suffered for fifteen years with inflammatory rheumatism. His case was practically abandoned by his physicians. Favorite Remedy was brought to his notice and in less than three months after its use he was a well man.

In commenting on this case Dr. W. H. Morse, of New York City, says: The great good in Favorite Remedy lies in its power to dissolve this deadly uric acid. In cases of dyspepsia, eczema, scrofula or any urinary diseases I have never known it to fail, when taken according to directions. Dr. Kennedy's Favorite Remedy is not only used by physicians now but can be found on sale by every medicine dealer.— *Wilkes-Barre (Pa.) Times.*

The breaking up of the winter is the sign for the breaking up of the system. Nature is opening up the pores and throwing off refuse. De Witts's Sarsaparilla is of unquestionable assistance in this operation. W. S. Rishton, Druggist. 10-14-1yr.

A very liberal patronage should be given them, first, because it will be a fine entertainment and well worth the money; second, because many of the members have frequently given their services at concerts for church and charitable purposes, and third, such an organization ought to be encouraged in their efforts to give the town a first class orchestra. The Circus Coming.

THE GREAT BARNUM & BAILEY SHOW SOON TO BE HERE.

Barnum & Bailey's Greatest Show on Earth will arrive here on May 11th and spread its mammoth waterproof tents, and the great exhibition this year is of a character entirely new to the residents of this city. To briefly mention some of the prominent features would occupy considerable space. Suffice it that three rings, two elevated stages, a huge racing track, and another stage 400 feet long are required to show the varied entertainment comprising this year's show. There are menageries, hippodromes, triple circus, horse fair, mystifying illusions, and other features, and in addition the great historical spectacle of Columbus and the Discovery of America, the latter alone representing 1,200 characters, all of whom are on view at one time. No other amusement enterprise carries so many people and has such complete arrangements for their keeping. Of course hundreds of people will be there to see the canvas go up, and get a free glimpse of the elephant as he marches with majestic tread from the railway tracks to the grounds.

There are many reasons why the exhibition this year is better than any other that has preceded it, as the menagerie is almost new and boasts every strange and curious zoological specimen, from the gawky camel to the only genuine zebra that has ever basked beneath stars and stripes. There is also in the collection the largest Bengal tiger ever seen in America, and he has been from his native jungle less than seven months. The cage of lions has three male specimens, from the face of one of which Sir Alexander Pope made his painting, which is now on exhibition in the National Gallery of Art in London.

Of the circus performance there is also much to be said, and its strongest claim is probably that the performers are all champions. Among the artists that have been brought over are the most dashing and accomplish-equestriennes ever seen in this country

The brilliant harmony of colors and artistic groupings in "Columbus" will cause to recur to the minds of the thousands who witness the show pleasant memories of the greatest triumph of modern theatrical representations. When it is known that Imre Kiralfy has trained the ballet it will be known that it is better done than any other manager In this country could have done it. There are crowds of well trained girls and men, presenting every type of beauty, who perform graceful evolutions in the dances. There are costumes that have the look of the 15th century about them and which, high authorities have said, are duplicates of those worn when Columbus was pleading before Ferdinand and Isabella.

The Barnum & Bailey Show has come to be one of America's permanent institutions, and merits more than the smiling reference called out by the ordinary circus. It is worthy of serious thought—not only for itself, but more when one considers what exceptional ability a man must possess who controls the entire army of men and women who give the exhibition.

W. M. Robbins at Light Street, having purchased his father's business stand has re-moddelled and enlarged it. He now asks the public to call and see his large stock of groceries, flour, feed, stationery, &c.

THE OLD JOHN BULL LOCOMOTIVE.

It Left Harrisburg This Morning for the World's Fair.

MIDDLETOWN, April 18.—It was in October, 1836, when the Old John Bull locomotive, which is propelling the train of two fifty-seven-year-old coaches from New York to Chicago, which left Harrisburg this morning enroute for the World's Fair and is a part of the Pennsylvania Railroad Company's exhibit at the Columbian Exposition.

This same locomotive made the first trip on the part of the road between Middletown and Harrisburg and on its trial trip among the passengers was a youth of 16, who tended bar for his father at the Washington House, in Middletown, and some years afterward became one of the directors of this line known then and since as the Harrisburg, Portsmouth, Mt. Joy and Lancaster railroad, which was leased to the Pennsylvania Railroad Company in 1860. This youth is Colonel James Young, the renowned farmer king of Middletown. Mr. Young has served on the board of the company since 1859 and was re-elected at the last annual election. Colonel Young witnessed the passage of the train through Harrisburg this morning.

IRVIN S. MERRILL WAS NOT DEAD.

He Returns to His Old Home After an Absence of Thirty-Four Years.

NEW BRUNSWICK, N. J., April 18.—Irvin S. Merrill, a former resident here, whom everybody had given up for dead, has just arrived in the city, after an absence of thirty four years. He served in the civil war, and the men who survived brought news to his relatives here that he had perished at Vicksburg.

His sister, Mrs. Worthley, of No. 156 Easton avenue, contended that he was still alive, and that she would see him before she died. She and her sister, Mrs. Campbell, went to Washington and searched the records. They learned that a few months previously a man named Irvin S. Merrill had applied for a pension. The address was secured and a correspondence followed, which resulted in the establishing of the relationship.

Mr. Merrill says that after leaving New Brunswick in 1859 he settled in Chicago. He wrote to his sisters but never received a reply. The sisters never received his letters, nor did he receive theirs. Mr. Merrill is now located in Kansas City.

MINISTER EGAN'S DIFFICULTY

Not Yet Satisfactorily Settled—What the Reports Say.

WASHINGTON, April 18.—The trouble between Minister Egan and the Chilian authorities over the action of Mr. Egan in giving shelter and protection to two Chilian refugees has not been adjusted. Secretary Gresham refused yesterday to say what action he had taken in the matter.

He stated that he expected additional information from Santiago by cable, but up to the hour of closing the department no such message had been received.

Three Strikers Killed.

BRUSSELS, April 18.—The dynamite explosion at Mons yesterday seems to have acted as an incentive to the strikers to commit further outrages. The strikers filled the drinking places and indulged in all manner of threats against the government, and as the day wore on they became emboldened and determined to take possession of the town for a labor procession. The intentions were known to the authorities, who have many spies among the workmen, and when the mob, singing the "Carmagnole" and the "Marseillaise," attempted to march through the streets they were met by a strong detachment of the civic guard. The usual order was given for the strikers to disperse, but no attention was paid to it by the strikers.

Hooting and yelling they attempted to march on, when the order was given for the civic guard to prepare to fire. The mob defied the guards to fire upon them, and threw heavy stones, bottles and other missiles at them. The guard fired upon the crowd, but this did not effect their dispersal. On the contrary, it only infuriated them and a charge en masse was made upon the guard. A desperate hand-to-hand conflict ensued. The main body of the strikers was broken up, but groups of struggling men could be seen in the side streets leading from the main thoroughfare.

The battle was long and bitterly contested, but finally the civic guard were victorious. It is known that three of the miners were killed. Many of the rioters were wounded and a number were taken to the hospitals. It is thought that the exact number of the wounded will never be known, as some of them were carried away by their friends to prevent their falling into the hands of the authorities.

The killing of the strikers has added greatly to the excitement in the town, and there is danger of a more serious outbreak. Men and women from the adjacent mining villages are flocking into Mons and the authorities are anxiously awaiting events.

Mons is the center of the great Borinage coal mining district. Three-fourths of all the miners in Belgium are employed in this district.

An Eloping Couple Caught.

Jackson Gearhart and Mrs. Fannie Schuler were arrested at Hunlock's Creek on Saturday. The story runs thusly: Up at Utica in New York State is a railroader's hotel kept by George A. Schuler. With him boarded Jackson Gearhart, a young and good looking brakeman. Schuler's wife was a pretty woman and the boarder and she became great friends, such great friends in fact that about a month ago they left Utica very suddenly and took with them $300 and two gold watches belonging to Schuler. They came down to Bloomsburg and went from there to Danville and then to Hunlock's Creek where Detective Bauer who had a warrant arrested them. They were taken back to Utica.—*Shickshinny Echo.*

EXPLAINED THE LIGHTS.

A Phenomenon that Met of an Easy Solution.

An amusing story is told in connection with Prof. Henry, of the Smithsonian Institution, who died some fourteen years ago, says *Youth's Companion*. It is told by a gentleman who once traveled from Montreal to Boston with the Professor. He says that while they were waiting for a steamer the Professor was talkative and communicative in his quiet way and was full of incidents of travel and adventure.

Soon the steamer appeared in sight, and while she was approaching us the Professor sat upon the wharf looking dreamily at her. Presently he aroused himself and said:

"I see a peculiar sparkle of the waves near the side of the steamer, where the sun shines upon her." (It was almost sunset.) "I wonder what the cause of it is? I have seen phosphorescent light before, but never exactly like this. And see, there it is also upon the other, the darker side of the steamer. Well, certainly that is very curious!"

We all looked. Indeed it did seem remarkable. First upon the bright side of the steamer and then upon the dark side would appear these curious flashes of light and disappear almost instantly. They seemed to come at regular intervals, and it was a strange and beautiful sight. Our reveries were presently disturbed by the approach of one of the customs inspectors. He glanced at us with some curiosity and then said: "Lookin' at them flashes?"

"Yes," replied the Professor, rousing himself from his absorbed meditation of the phenomenon; "I wonder what they are?"

"Oh," said the inspector carelessly, "them's hot ashes they're throwin' out of the ash pits."

The Professor was nonplussed for a moment. Then he recovered his senses and said quietly: "Well, well, live and learn—live and learn!" and lapsed into silence.

Frances Obeyed Instructions.

When little Frances went to her last children's party she was carefully instructed by her mamma what she could eat, says *Harper's Bazar*. Among other things she was allowed to eat just three spoonfuls of ice cream.

When Frances' mamma next met the mamma of the little girl who gave the party the latter said:

"Your Frances is a very remarkable child."

"In what way?"

"She was so careful about what she should eat, and I noticed that she took just three spoonfuls of ice cream, and then pushed her saucer away, remarking that she was only allowed to eat that much. I think that was a rare piece of self-denial in one so young. Indeed, I don't think I could have resisted the temptation to eat the whole saucerful myself even now, and even if I had known it would injure me. Frances is fond of ice cream too, isn't she?"

"Oh, yes, very," replied Frances' mother; "but she can always be trusted in matters of that kind."

Just then the little girl came in with her nurse, and her mamma said:

"Frances, I am much pleased to hear how carefully you obeyed me in not eating more than three spoonfuls of ice cream at the party."

"Yes," replied Frances; "an' I wouldn't have eated dem free 'poonfuls if you hadn't told me to, 'tause de ice cream wasn't good."

Nothing, Let's Hope.

Better Late Than Never.

"What do you mean by disturbing me at this hour of the night?" said an Austin doctor, angrily, to a darky who woke him up at 3 o'clock in the morning.

"Yes; three weeks ago."

"What are you doing now?"

"I'm in business for myself."

"So?"

"Yes. Looking for work."—Puck.

Not So Mysterious.

Meddling with a bottle has got many a man into difficulty.

"Mamma," said Tommy, "is this hair-oil in this bottle?"

"Mercy! no. That's mucilage."

"Well," said Tommy, "I guess that's why I can't get my hat off."—Good News.

WASHINGTON LETTER

WASHINGTON, April 17, 1893.

Neither President Cleveland nor Secretary Gresham have any apologies to make for the action of Commissioner Blount in carrying out his instructions, declaring the protectorate proclaimed by Minister Stevens, without a shadow of legality or authority, at an end, and in withdrawing the protection of the U. S. flag and marines from the provisional Government of Hawaii. And the attempt of a few republicans to use the incident as a means to create bad blood between members of the two parties has fallen very flat, as far as Washington is concerned. There is no politics in the matter. It was simply a question of righting a wrong which was officially acknowledged to be wrong by the Harrison administration but was not righted then, as it should have been. If the provisional government of Hawaii is not strong enough to maintain itself without the United States it is not strong enough to be recognized in any negotiation looking to annexation or any other settlement of the present problem. What has been done is neither for nor against annexation, in fact, has no bearing whatever upon it. It is simply a step towards doing the right thing, as soon as the right thing shall become apparent. Meanwhile the administration is fully determined that no other nation shall interfere with Hawaiian affairs.

Senator Butler, of South Carolina, scored a point, as he usually does whenever an opportunity is given him, when Senator Lodge, of Massachusetts offered an entirely needless resolution, directing the Secretary of State to inform the Senate by whose authority the American flag was hauled down at Honolulu, by offering an amendment adding the words "and also by whose authority the same was hoisted." Mr. Lodge knew that the President was responsible for lowering the flag, and the resolution was only offered for buncomb.

Secretary Hoke Smith is in Georgia attending to some pressing private business. He will return to his desk this week.

Extraordinary efforts are being made by republicans to put the democratic Senators in a false position before the country in regard to the proposal to investigate Senator Roach's connection with an alleged bank embezzlement fourteen years ago. The republicans wish it to appear that the democrats refused to allow the investigation because of their wish to protect Mr. Roach. No such conclusion can be reached, except by a willful distortion of the facts. Senator Roach has from the first personally desired that the investigation be made, as he manfully told the Senate last week; he has asked no protection, and what is more to the point, he wants no protection. The opposition of the democratic Senators to this or any other investigation of events in a Senator's life before he became a Senator is based upon the highest authority in the land—the Constitution of the U. S., and it is mighty small business for anybody to try to make it appear otherwise, but then, you know, small business is second nature with some people.

The first instalment of the investigation of the Weather Bureau has been completed, and the immediate results will be the dismissal of minor officials for their inability to distinguish the difference between their own property and that of Uncle Sam, and the final results may be striped suits for them. The second instalment, which deals with bigger fish, will be started this week, and it is expected that it will result in showing that the big officials regarded the positions under the Bureau in about the same light that the minor officials regarded the property of the Bureau.

President Cleveland told a Senator Saturday just before the extra session of the Senate adjourned that he had not taken up the question of the appointment of a Public Printer yet, but expected to do so very shortly. There is no lack of candidates and the most of them are men whose reputations are such that it will be extremely difficult to choose between them.

HIS LEG CUT OFF.

Walter Savage, a boy of sixteen, who worked at the Desk Factory, had his leg cut off on Wednesday morning by the 11.40 Bloomsburg and Sullivan train. As the train was passing the Factory he attempted to board it, but stumbled on the rail and fell between the cars and was rolled along by the brake beam. The flesh was stripped from his leg, and his head was badly cut, and his body bruised. None of the train hands saw him, and they are in no way to blame for the accident. The boy had been in the habit of jumping on the train, and had been cautioned about it only the day before. He was carried to the factory by the hands, a string was tied around his leg to stop the blood, a stretcher was made and he was carried out to his home near the Furniture Factory. Drs. Gardner and Robbins amputated his leg in the afternoon, and this (Thursday) morning he is reported as doing well.

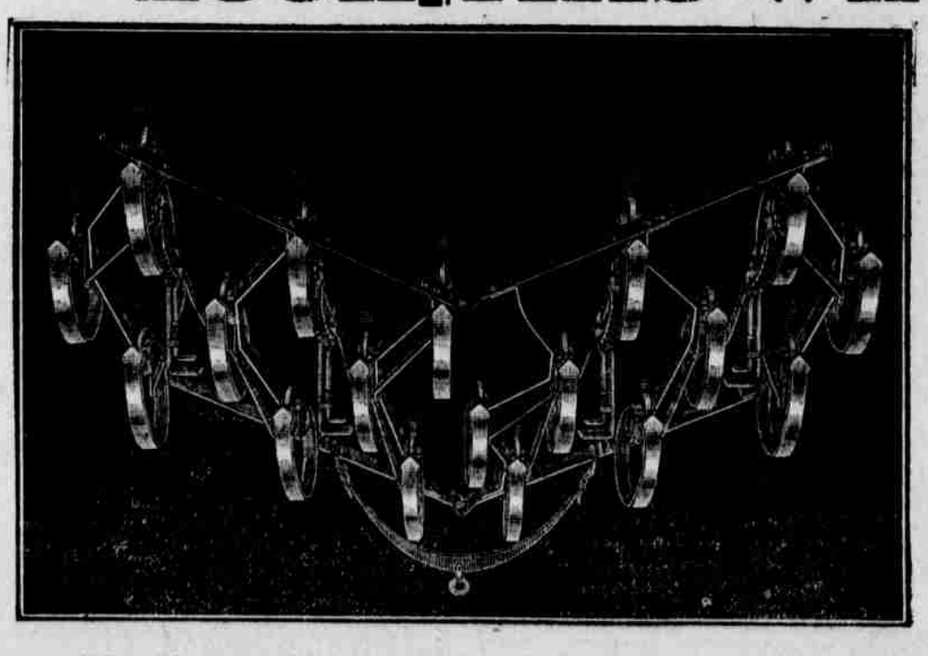
LOOK THIS WAY!



TO Farmer's and the PUBLIC -in- General.

We wish to say that we are still manufacturing and dealing in Agricultural implements at Orangeville, Pa., and certainly from long experience we should know the wants of the Farmers and public in general. And, in this connection we wish to say that all machinery we manufacture or handle is equal to any on the market, and sold at lowest prices.

We make a good cast head Land Roller, which every Farmer should have. Also Plows, Scotch Harrows, Cultivators, Wood Saws, Corn Shellers, and Feed Cutters, and a specialty of Horse Power Threshing Machinery. Then we handle the 'Empire" Fertilizer, Grain Drill and Hay Rake, "Hench's" Walking and Riding wheel Cultivators, "Woods" Harvesting machinery (which needs no recommendation), single and double Corn Cultivators, Engines and Saw Mills etc. Lastly we wish to show up the New Deerfield Lever Harrow the only one that has a separate adjustment for each tooth independent of the levers. The only four lever Harrow on the market whereby the two centre sections can be let down in a dead furrow, or any one or more of the four sections can be raised and the balance of the teeth kept at work, frame at all times being level. It has a self coupling hinge, no bolts or pieces to lose, with circular steel evener to equalize draft while turning corners. This Harrow is no experiment with us, and will be put out on their merits same as any other goods.

We also make and carry a large stock of Plow repairs, also an endless variety of other implement repairs. We are also prepared to do almost any kind of saw or grist mill repairing (having recently put in new Iron Lathe and boring machinery etc. We also carry a full line of dressed building lumber. We appreciate the patronage of the public in the past and covet a continuance of the same in the future and will be glad to have any one call to see us, or answer their inquiries for any thing in our line and will quote lowest prices.

WHITE & CONNER.
